the world of caribbean children s literature finds its roots in folktales and
storytelling as countries distanced themselves from former colonial powers post 1950s the field

has taken a new turn that emerges not just from writers within the region but also from those of its diaspora rich in language diversity and history contemporary caribbean children s literature offers a window into the ongoing representations of not only local realities but also the fantasies that structure the genre itself young adult literature entered the region in the 1970s offering much needed representations of teenage voices and concerns with the growth of local competitions and publishing awards the genre has gained momentum providing a new field of scholarly analyses similarly the field of picture books has also deepened caribbean children s literature volume 1 history pedagogy and publishing includes general coverage of children s literary history in the regions where the four major colonial powers have left their imprint addresses intersections between pedagogy and children s literature in the anglophone caribbean explores the challenges of producing and publishing picture books and engages with local authors familiar with the terrain local writers come together to discuss writerly concerns and publishing challenges in new interviews conducted for this volume international authors edwidge danticat junot díaz and olive senior discuss their transition from writing for adults to creating picture books for children

the theory of signifying signifiés formulated and introduced by victoria welby for the first time in 1890s is at the basis of much of twentieth century linguistics as well as in other language and communication sciences such as sociolinguistics psycholinguistics translation theory and semiotics indirectly the origins of approaches methods and categories elaborated by analytical philosophy wittgenstein himself anglo american speech act theory and pragmatics are largely found with victoria lady welby indeed it is no exaggeration to say in addition that welby is the founding mother of semiotics some of peirce s most innovative writings for example those on existential graphs are effectively letters to lady welby she was an esteemed correspondent of scholars such as bertrand russell charles k ogden herbert g wells ferdinand s c schiller michel bréal andré lalande the brothers henry and william james and peirce as well as frederik van eeden mary everst boole ferdinand tönies and giovanni vailati her writings directly inspired the signific movement in the netherlands important for psycholinguistics linguistics and semantics and inaugurated by van eeden and developed by such authors as gerrit mannoury this volume containing introductions and commentaries presents a selection from welby s published and unpublished writings delineating the whole course of her research through to developments with the signifiés movement in the netherlands and still other ramifications contemporary and subsequent to her a selection of essays by first generation significians contributing to the signific movement in the netherlands completes the collection testifying to the progress of signifiés after welby and even independently from her this volume contributes to the reconstruction on both the historical and theoretical levels of an important period in the history of ideas the aim of the volume is to convey a sense of the theoretical topicality of signifiés and its developments especially in semiotics and in particular its thematization of the question of values and the connection with signs meaning and understanding therefore with human verbal and nonverbal behavior language and communication

reprint of the original first published in 1861

melville biography an inside narrative is hershel parker s history of the writing of melville

biographies enriched by his intimate working relationships with great melvilleans dead and living the first part is a mesmerizing autobiographical account of what went into creating his award winning two volume life of herman melville next parker traces six decades the persistent war new critics have waged against biographical scholarship on melville american literary critics he finds impose new critical theories of organic unity on melville s disrupted career even while truncating his body of work and minimizing his aesthetic interests parker celebrates the divine amateurs who use new technology to discover dazzling melville stories and also lauds the writers of literature blogs as potential redeemers of academic and mainstream media reviewing in the third part parker invites readers into his biographical workshop and challenges them with ambitious research assignments throughout this bold book parker seeks to reinvigorate the all but lost art of scholarly literary criticism and biography
